If you're in an accident, or sick...

And no money, or not enough, is coming in...

You'll be protected... your home will be safe... you'll have the money you need...

## **When You Can't Make Your Mortgage Payments NAA Life—Disability Mortgage Insurance**

Accidents happen all the time—in the home, at work and on vacation.

Some are preventable, some are not. Some could keep you out of work for months—others could quickly disable you for life, and eventually leave you penniless.

Disability Mortgage Insurance will make your mortgage payments when you can't work and earn a paycheck.

### **Are you willing to bet your home it can't happen to you?**

If you're laid up with a broken leg or back—or if you're in a terrible car accident—or permanently paralyzed from a fall off a ladder or a fall down a flight of steps...

Who's going to pay your home's mortgage and keep a roof over your family's head when you can't work and make a living?

According to the US Department of Housing and Urban Development, almost 50% all home foreclosures are caused by disability.

According to the Social Security Administration, one in five people suffer long-term disability before the age of 65.

**You could be a statistic...**

...But you don't have to be a victim. You don't have to lose your home.

Take the first step to protecting your home—and your family, by keeping a roof over their head.

Disability Mortgage Insurance will make your mortgage payments when you can't.

Please fill in the request form above for a **FREE** and fast, no-obligation Disability Mortgage Insurance quote.

You'll be glad you did—and so will your family.
