## **Are You Ready To Start Earning Thousands of Dollars As A Home-Based Business Owner?**

**One phone call is all it takes!**

Dear <Name>,

Take just two minutes to read this email and I'll show you how you can start earning a phenomenal income in just 24 hours.

If you're tired of working for someone else; tired of watching others get rich off your labor. If you're tired of getting up at 6am or 7am, sitting in traffic, of being someone else's employee, of being over-worked and under-appreciated...

**I've got great news for you.**

Hi, this is Tod Kilgore, President and CEO of Web From Home.

Web From Home, one of America's leading home-based business providers, can help you break out of the 9-to-5 rat race forever.

- Start earning a serious income - and quickly become financially independent.
- Live the life you've always wanted - always dreamed of - a life of luxury and ease.
- Be your own boss - call all the shots - and answer to no one.

According to the SBA (the Small Business Administration) half of all U.S. businesses are home-based - and reporting income as high as \$500,000 plus.

**Be your own boss, and decide how much you want to work and how much you want to earn.**

I want to show you three business models that will have you up and running - and earning money - literally within 24 hours. And I'm not talking about MLM (multi-level marketing) or any other type of network marketing.

In fact, with either of these three business models you'll be completely behind the scenes. We've automated these three home-

based business models to such a fine degree...they practically run themselves!

**You'll have thousands of customers, and you won't have to talk to a single one of them.**

You've heard of Amazon.com, right? Well, Web From Home has taken that same business model, an "online store" with thousands of name brand products, and re-shaped it to custom-fit the home-based business owner.

**You decide how fast you want to grow and how much you want to earn.**

Right now I'm sure you want to know all the details about this amazing business opportunity - and I'm sure you also have a ton of questions, so I suggest we talk on the phone - as soon as possible.

Just reply to this email and let me know what day this week, and what time, would be most convenient for you, and I'll have one of my helpful and friendly Web From Home Business consultants call you.

**Pick any day, Monday thru Friday, any time between 9am and 9pm**

And we'll show you how you too can own your own home-based business - take charge of your financial future - and leave all your money worries behind forever.

To your success,
