# Exquisite Leather

Do you know what will be turning heads this year?

Do you know which leather handbags, wallets and accessories will be all the rage?

Do you think you can guess the name or the brand?

**Well, You Have No Idea...what is awaiting you...**

**Exquisite Leather** is delighted to introduce you to **its exclusive CHI label** – a designer collection of handbags, wallets and accessories.

The craftsmanship, the attention to detail, and the designs, will be unrivaled and unsurpassed – you would not expect or accept anything less.

**...And it's all been fashioned from Stingray Leather\***

Luxurious, supple, exotic and durable...**and nobody has it but Exquisite Leather.**

Stingray leather has long been prized as one the world's most versatile and glamorous leathers.

And yet, how many of your friends own handbags, wallets or accessories made of this enchanting and sumptuous leather? We're confident – not a one!

**How exotic and how strong and durable is Stingray leather?** Japanese Samurai warriors used Stingray leather on their armor. It's reputed that Attila the Hun used Stingray leather to decorate his sword handles and sheathes. And Harley Davidson uses Stingray leather on its special limited-edition motorcycles.

Own a CHI label Stingray leather handbag, wallet and accessory – and we guarantee that all your friends will ask you where they may buy CHI label Stingray leather, too. (And, we'll completely understand if you choose not to tell them.)

\* Our Stingray leather is environmentally approved by CITES (Convention on International Trade in Endangered Species of Wild Fauna and Flora) as a natural, recycled product.
